

If you have requested that Academy Mortgage (Academy) include income from a non-borrower that is residing in the property when determining the right assistance programs for you, we will need to determine their occupancy. Academy will need written authorization before we are able to obtain a credit report for each non-borrower.

Please note that the non-borrower's credit score could be adversely affected if Academy obtains a credit report as this would result in a "credit inquiry". If you would like more information regarding credit scores and how they are determined, go to <http://www.ftc.gov>.

Please have each non-borrower whose income you have requested to be considered, review and sign the authorization below.

Academy Loan Number: \_\_\_\_\_

I hereby authorize Academy Mortgage, Inc. to obtain my credit report and agree that Academy will not be held responsible in any manner for relying upon such credit report or for following the authorization I have given herein.
